How You Will Be Evaluated:

The DFAS DEU ensures that all applicants receive maximum objective consideration for job opportunities by utilizing an automated resume processing system to rank and rate applicants for referral. Your resume will be entered into this system and stored individually in the database. The automated referral system uses state-of-the art optical character recognition software and a skills extraction system to read and analyze your resume.

DFAS DEU personnel will search the database with the appropriate rating factors applicable to this position to identify the best-qualified candidates for referral.

An applicant's qualifying experience and education/training will be assigned to one of three quality levels. Experience that ranks in the highest quality level is considered superior experience. Experience that ranks in the lowest quality level is considered minimally qualifying experience. The applicant is assigned the quality level point value which best reflects the level of the applicant's experience and education.

Resumes are rated using a numeric rating procedure.
